

Ms. Ashlee McQuaid

I am currently a senior student attending Kimberly High School as well as taking classes at the Fox Valley Technical College. I began working for Kidzland in June, 2016 after volunteering for a few months. I am the oldest of my two siblings, Samantha and Willem. I am enlisted in active duty Air Force and will be leaving for my training early August of 2017. While in the Air Force I will work towards getting my nursing degree within the 6 years I am with them and then hopefully get a civilian nursing position while continuing in the Air National Guard. I am very excited to travel the world and have so many opportunities to grow through the military and create so many diverse experiences. I began working in early childhood education because it is such a rewarding job, and I am very passionate about helping others and enjoy watching others grow and succeed. I have received my assistant childcare teacher license and I'm qualified as an ACCT, and have my certifications for SBS, SIDS, Child Abuse, CPR + First Aid. I am aware the early education of children is one of the most important aspects as they grow and develop and as a teacher, it is my responsibility to help each child reach their full potential in a safe, and encouraging, learning environment. I look forward to working with you and your little ones!
