

Hello,

I am Mr Josh and I have been working as the Director of Kidzland since August of 2011, and I love it! My favorite part of my job is getting to know all the families and feeling like I have a huge extended family! Don't worry though, I won't be inviting myself to holidays and sleeping on your couch! I am married to Amanda and I have two lovely little children, Makayla and Matthew.

I have a Bachelors degree from UW Stevens Point in Wildlife Management and Ecology, which has come in handy with some of the children ;) I started my educational career as an Environmental Educator and transitioned into early childhood with Kidzland.

I love to go camping, gardening and playing with my children. We live in Kaukauna and we have 2 cats and a fish. I have too many favorite foods to mention them all, but my favorite author is Kurt Vonnegut and I love watching scary movies!

Stop by anytime to chat and say "Hi"!
