

Hello Parents!

The summer days are winding down, and everyone is settling back into a routine. With school starting, many of our staff members will be heading back to college, so you'll probably be seeing a lot of new faces, and even some old faces – just in a different classroom. If you have any questions about the staffing changes, just stop by the front desk, or even take a look at our Staff Board that's in the hallway that goes to our younger side.

Reminders!

With Fall just around the corner, please be sure to check your children's cubbies for a weather appropriate change of clothing!

Dates to remember

Sept 5th Labor Day – Kidzland CLOSED

Sept 14th 5pm Thrivent Workshop

Sept 27th FISC Presentation

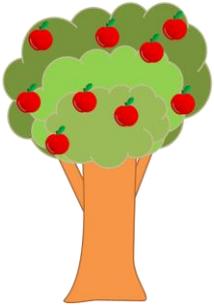

School & Bussing Schedules

Parents of School Ageds – If you plan on having your child eat breakfast/Lunch at Kidzland, please make sure your child is here at least 30 minutes before their bus is scheduled to leave.

Happy Birthday!

Inside out Caramel Apples: Recipe from: Justapinch.com

Ingredients

*granny smith apples

*caramel

Preparation:

1. Cut your apples in half. Remove stems.
2. Hollow out each half by coring and shaving away some of the inner apple. (Use a muffin tin to help balance.)
3. Fill with warmed caramel. (You can use homemade or you can use store-bought and microwave it in 15 second intervals until warmed.)
4. Let the caramel cool and harden. Once completely cooled, cut apples into slice and serve.

Baby Sign Language

Baby sign language is a great way to communicate with your baby or toddler! It helps them learn to communicate their wants and needs in a way that can be understood.

Milk is signed by opening and closing your hand, like you are milking a cow. You will notice most babies have trouble moving all fingers together at uniform speeds, but any kind of repeated squeezing and relaxing of the hand is likely *milk*.
