welcome

Welcome to the Plum Room. I am so excited to go on this exciting journey with all of your children. I can't wait to get to know your family.

a little about me

I have been teaching early childhood education since my senior year. I graduated from Little Chute High School in 1997. I started working at Kidzland in November of 2016. I live in Appleton with my son, Kayden and our dog Jax. In our free time we like to play at the park, go for walks, bike rides and having fun family outings.
