

ABOUT YOUR TEACHER

About Me

My name is Colleen and I have been in Childcare for 10 years. I am married and have a daughter. I moved to the area in 2001 shortly after I got married from the Milwaukee area. I love getting out and taking pictures of anything I can find that is interesting. In my free time I love spending time with my family watching movies, going for bike rides or helping with my daughter's art projects she comes up with.

My Education

I received my Associate Degree in Television Production from Milwaukee Area Technical College. After a few years in the field I realized that my true passion was working with children and started doing in home therapy with autistic children. While doing that I got my Early Childhood Certificate and started working in the daycare setting. As I was working in the daycare setting I continued my education and received my CDA. I love finding new things to learn about and feel there is always more to

My Favorites

Food: Pasta

Sports Team: Packers

Color: Red

Season: Fall

Movie: Playing By Heart

Children's Movie: Incredibles

Restaurant: Good Company

Hobby: Photography

My Family

I met my husband in 8th grade and we have been friends ever since. We were married in 2000 and adopted our daughter Riley in 2011. Riley keeps us busy with all of her creations she makes and the stories she tells. She wants to try everything and has no fear. As a family we love visiting new places and spending time with our extended family. When we aren't out and about we love hanging at home in our pool, playing games and having pizza movie nights.
